ECOLINK

A complete lighting world

Illuminating everyday living

EcoLink was created with a vision to illuminate spaces through technologically advanced and competitively priced lighting fixtures. Designed specifically for Indian homes, EcoLink luminaires are built to perform reliably in everyday conditions.

Equipped with revolutionary VoltSafe Technology, EcoLink lights are engineered to withstand drastic voltage fluctuations, ensuring consistent performance and longer life.

Each EcoLink product is durable, long-lasting, energy-efficient, and easily available at pocket-friendly prices, making quality lighting accessible to more homes.

When you choose EcoLink, you don't just choose a luminaire.

You get linked to illumination.
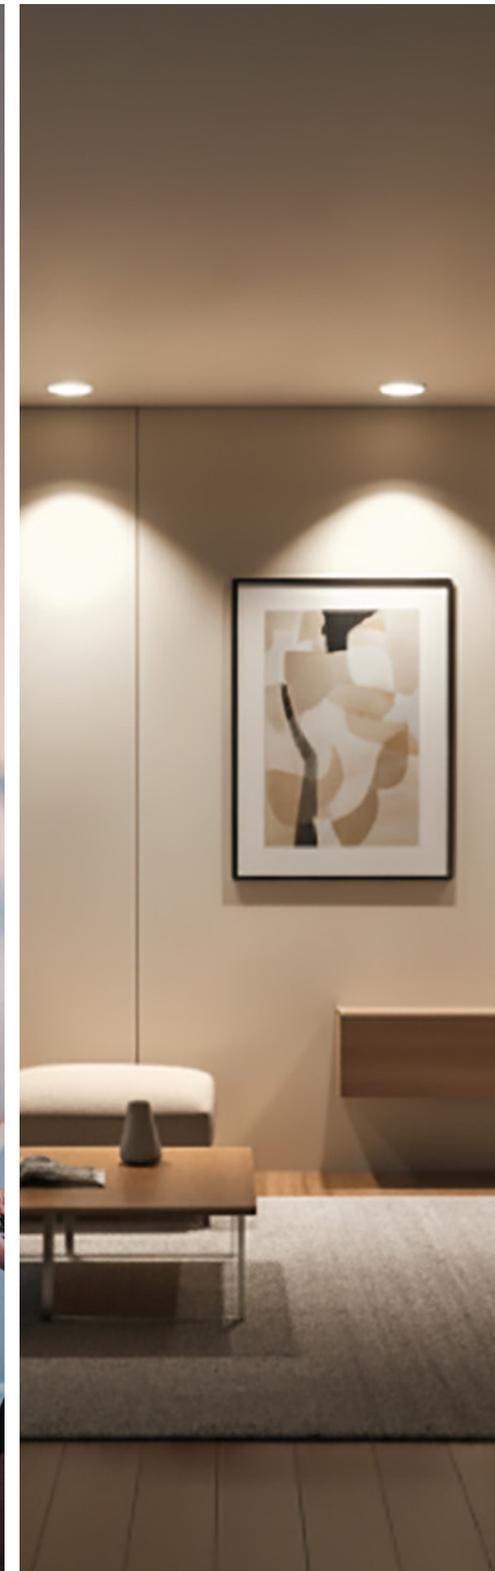

Quality lighting solutions from Signify

From the house of Signify, world leaders in lighting

With a legacy of excellence and a commitment to delivering unrivalled quality, our lighting solutions redefine illumination, setting new standards in performance, design, and reliability

Made in India

Experience the pride and excellence of Indian manufacturing, bringing radiance to your world.

Trustworthy and Reliable Products

Trust backed by years of research, quality assurance, and satisfied customers.

Reliable and energy efficient with VoltSafe

VoltSafe Technology

EcoLink's wide range of luminaires comes with the revolutionary VoltSafe Technology which ensures surge protection of 2.5kV with a wide voltage protection 160-360V.

Energy Saving

Our cutting-edge solutions are meticulously designed to minimize power consumption without compromising on brightness or quality, reducing your environmental footprint while maximizing cost savings

Long Lasting

Built with durable components and quality materials, EcoLink lights are designed to perform reliably over time. They deliver consistent brightness and dependable performance, day after day.

INDEX

LED LUMINAIRES

Our EcoLink LED Luminaires range is a remarkable collection of lighting solutions that are long-lasting, sustainable, available in multiple colour options, and highly reliable. They are designed to majestically brighten up your space.
